

Vermont Forest Cemetery

Wassabaastekw (White River watershed) • Vermont • North America

Price List, November 2023

Ongoing maintenance and upkeep of this non-profit community cemetery will be supported through an endowment care fund as provided by law (18 V.S.A. § 5306). 20% of the price of each Burial Deed will be devoted to this fund, from which the Cemetery may draw on interest earned.

The plan and hope of the Board of Directors is to fund major infrastructure development (roads, trails, structures etc.) through tax-deductible charitable giving. If fundraising is insufficient for this purpose and the Cemetery must pursue loans, that may impact the future cost of burial deeds.

Deed to Convey Burial Rights:	\$1,000
Service charge for interment:	\$1,400
Additional charge for weekend interment:	\$200
Additional charge for winter interment:	\$500
Deed for cremation urns and pets under 10 kg:	\$500
Service charge for interment of urns and pets:	\$500

At the time of Burial Deed sale, purchasers will be offered the option to make an additional donation if it is within their means to do so. VFC has established a fund to subsidize Burial Deed purchases to families in need, and a fund to support regeneration of the Forest. Additional funds may be created in the future at the discretion of the Board of Directors.

You can become a Founder of Vermont Forest Cemetery and support this non-profit cemetery. Donations are 100% tax-deductible. Go to
